

Supplementary resources

General

- MSI's 2030 research & learning strategy (Report, 2024)
- MSI's evidence & insights compendium (2022)
- MSI's evidence & insights compendium (2018)

Abortion access

- Abortion care: Frontline to future (Report, 2024)
- MSI's guiding framework on abortion (Framework, 2024)
- We must safeguard access to both surgical and medical abortion methods (BMJ Opinion, 2023)
- Socioeconomic determinants of access to safe abortion and experiences along the care trajectory: A survey of women with a five-year abortion history in Abuja and Lagos, Nigeria (Manuscript, 2024)
- The effect of stigma on family planning and HIV pre-exposure prophylaxis decisions of young women accessing post-abortion care in Kenya (Manuscript, 2024)
- Promoting long-acting reversible contraception among post-abortion clients with a provider-comparison intervention: A cluster randomized controlled trial in Nepal (Manuscript, 2024)
- Ensuring that choice of abortion method includes surgical and legally permissible second-trimester services (WHO implementation story, 2024)
- Who are our abortion clients? (Video, 2024)
- My body, my voice: Women's views on abortion care (Report – Second iteration, 2020)
- My body, my voice: Women's views on abortion care (Report – First iteration, 2019)

Health system strengthening

- External impact assessment of MSI's public sector strengthening model in Nigeria (Report, 2024)
- A study protocol for integrating outpatient services at the primary health care level as part of Pakistan's universal health coverage benefits through private health facilities (Manuscript, 2024)
- Structural influences on delivery and use of oral HIV prep among adolescent girls and young women seeking post-abortion care in Kenya (Manuscript, 2024)
- 3 things I learned from piloting a new health outreach program (Devex Opinion, 2023)
- MSI and health system strengthening (Brief, 2023)
- WISH report: Sustainable pathways to reproductive choice (Report, 2022)

Inclusive and client-centred care

- Listening to our clients: using feedback to improve the delivery of client-centred sexual and reproductive healthcare (Brief, 2024)
- Lessons learned from a respectful maternal and neonatal care provider training intervention evaluation in Kenya and Tanzania (Manuscript, 2024)
- Committed to leaving no one behind: lessons on disability-inclusion from the WISH project (Report, 2023)
- Hostilities faced by people on the frontlines of sexual and reproductive health and rights: a scoping review (Manuscript, 2023)
- 'It depends on who is asking and why they will use it': Access to male condoms in Timor-Leste (Manuscript, 2023)
- Leaving no one behind in reproductive healthcare (Report, 2021)
- MSI's client centred care strategy (Summary Brief, 2021)

Climate resilience

- Understanding challenges women face in flood-affected areas to access sexual and reproductive health services: A rapid assessment from a disaster-torn Pakistan (Manuscript, 2024)
- Choice and the Climate Crisis (Brief, 2024)

Social norms and behaviour change

- How we're engaging community leaders to expand access to reproductive choice (Brief, 2024)
- Gagarabadau: Challenging social norms in Northern Nigeria (Brief, 2024)
- La Famille Ideale: Engaging husbands and communities to support adolescent access to sexual and reproductive healthcare in the Sahel (Brief, 2024)
- Addressing unequal access to health information and services through community health workers (Brief, 2024)
- MSI's social norms hub
